Dear Dr. McAllister:

I wish to thank you and The Council for Tobacco Research for your contribution of \$500.00 in support of the FASEB Summer Conference on Folate, B<sub>12</sub> and One Carbon Metabolism. We will honor your request as to the expenditure of these funds.

Enclosed is a registration form that we hope a representative from your organization would complete and submit for attendance at our summer conference. Regrettably, it is against our policy to hold open registration slots.

Again, thank you for your support.

Most sincerely yours,

*Rowena Matthews*
